

Workshop Technician

Main responsibilities:

- To build / rebuild rally and race cars to the highest level.
- To problem solve and diagnose faults with minimum supervision
- Event support (optional)

Skills Required:

- Building and rebuild of bespoke competition cars to an extremely high level.
- Excellent workshop knowledge & technical skills
- High attention to detail
- The ability to communicate effectively and resolve problems quickly and efficiently.
- Good communication, organisation and inter-personal skills.
- Be flexible and possess a good sense of humour.
- Be able to manage your time and prioritise your workload.

Personal Specification

- Energetic, proactive, calm under pressure, highly personable with a mature personality.
- Strong Team-worker with the ability to thrive in a small, closely-knit, and dedicated team.
- Excellent organisational skills.
- Flexibility – being prepared to work longer hours when occasionally required.
- Self-motivated and with the ability to work unsupervised.

Experience Required:

- Previous competition car build experience is essential.
- Previous historic competition work would be an advantage.
- Experience working on Porsches of all ages and types would be an advantage.
- Full Driving licence – Essential.
- Personal references will be taken up separately.

This role represents a remarkable opportunity to join a respected business in a position that will directly support and enable its future success.

Interested applicants should submit their CV and a covering letter to recruitment@tuthillporsche.com.
